### **Explosion Wrecks** Rhine Town; 1,000 **Lives Reported Lost**

### 3.000 MEN AT WORK IN CHEMICAL PLANT WHEN BLAST COMES

Injured May Exceed 2,000; Death - Destruction Spread on Every Hand

Heart-Rending Scenes Witnessed on All Sides; French Aid in Rescue Work

(By The Associated Press)

Mayence, Germany, Sept. 21. — A great explosion today at the chemical products plant of the Badische Anillalabrik company at Oppau, on the Rhine, wrecked the town and spread death and destruction on every hand.

The number of killed is variously estimated at from 1,000 to 1,500, and the injured close to 2,000. One report says taht there were 3,000 men on the spot at the time of the explosion and it is believed that about half of these were killed. The town of Oppau is a scene of utter desolation, more than a third of the houses having been destroyed, while the roofs of the others were swept off as it by a whirlwind. Here also many derec assisting impossible. were killed or injured.

gasometers, the whole of this part of the works being literally pulverized. Where the gasometers stood is now a funnel-shaped hole 130 yards wide and 45 yards deep, while twisted girders and debris of every description lies scattered about: For a distance of All available fire brigades were several hundred yards, not a wall is left standing.

quoted as saying that the explosion oc-curred in a storehouse containing 4,-000 tons of nitrous sulphates, which believed to be free from danger of

disaster, a captain of the first French transportation.

### **BIG MINE UNION** REPORTS PROGRESS

#### Achieved Greatest Numerical Strength in History Despite Industrial Depression

Indianapolis, Ind., Sept. 21.—Or-Samzed coal miners achieved the greatest numerical strength in the history of their union during the last year despite general industrial depres-formulation of a policy to be followed the cont fields, according to the report thade today to the convertion of the United Mine Workers of Americal by William Green secured in other questions will be so great that only the united Mine Workers of Americal by William Green secured in the consideration and discussions will be so great that only the united Mine Workers of Americal by William Green secured in the consideration and discussions will be so great that only the united Mine Workers of American position of other questions will be so great that only the united Mine Workers of American position of other questions will be so great that only the united Mine Workers of American position of other questions will be some graver of the second graver of the control of the c by William Green, secretary-treas-

The average monthly membership Was 515.243 for the year ending with last July. Mr. Green said that averige monthly paid up membership was 442.957, with a monthly average of 2,186 members exempted from payment of dues for lack of work. In December 1920, he reported a paid up membership of 553.295, the largest ever recorded by the union.

Green's financial statement Covered two years ending August 1, 1920 and August 1, 1921 respectively. The union's income for the first of these years was \$2,352,821 and expenditures were \$2,307,148. For the last Year the income was \$4,346.311 and expenditures were \$4,987,988. The balanco August 1, 1919, was \$1,728,906. and on August 1, 1921, it was \$1,132,-301, but Mr. Green explained the latter

was riding close to the factory "I was riding close to the factory at 7:30 in the morning when suddenly I heard a dull rumbling. The earth seemed to quiver and an immense column of flame and smoke shet up a few hundred yards from me, followed by an explosion and a rush of air which hurled me and my horse to the earth. When I picked myself up, an immense cloud of dust and smoke hid part of that factory near the care. hid part of that factory near the gaso-meters. All sorts of objects, beams. blocks, stones and bricks rained down on the pavement.
"Hearing cries behind me, I turned

and realized that the village of Oppau was destroyed by an earthquake. Town Is Desolate Shortly after, the main buildings of the plant burst into flames, and the air was filled with the plant burst into flames. air was filled with the fumes of am-monia. Twenty minutes after the first explosion, there was another, but less

violent.
"The alarm was quickly given and in less than helf an hour after the first explosion, help arrived. Unfortunately, as further explosions were feared, the rescue parties were not able to get to work properly before 9 o'clock."

A late statement issued by the management of the Oppau factories says that the explosion occurred in a reservoir containing 200 tons of ammonium sulphate. It adds that all necessary recautions had been taken the process of manufacture and storing the product, so that an explosion appeared impossible. An inquiry has oeen opened.

The disaster appears to have been one of the most terrible in the history of industrial catastrophes.

#### Blast in Laboratory.

The first explosion occurred when the shifts were being changed at 7:45 a. m. in a laboratory where 800 men were working. All of these were re ported to have been killed. REPUBLICAN LEADERS NEW POLICE GRAFT

### HUGE TAX BILL **BEFORE SENATE**

PRICE THREE CENTS

Is Designed to Raise Approximately Three and a Quarter Billion Dollars This Year

#### NUMEROUS CHANGES

#### Corporation Income Tax Increase ed; Freight and Passenger Taxes Continued

Washington, Sept. 21.—The amended house my revision bill was presented formally today to the senate by Chairman Penrose of the finance committee, who gave notice that he would submit the majority report tomorrow and urge at that time that the meas-ure be considered as soon as other

business of the senate would permit.

Designed to raise approximately hree and a quarter billions of dollars n revenue this fiscal year, the amended measure provides for:

Repeal of the excess profits tax on July 1, 1922, as proposed by the house. Reduction of the maximum income surrax rate from 65 per cent to 32 per cent, offective next January 1, as provided in the house bill, but with changes made in the lower brackets so as to reduce the amount of surtaxes paid by all individuals

#### Repeals Capital Stock Tax.

An increase of five to 15 per cent effective Japuary 1, 1922, in lieu of the two and a half per cent advance agreed upon by the house.

Repeal of the corporation capital stock tax, beginning in 1922, a new Reduction of the freight and passenger taxes from three and eight per cent to one and a haif and four

per cent, respectively, effective Janu-

tion allowed to heads of families havng net incomes of \$5,000 or less, a house provision. An increase of from \$200 to \$400 for the exemptions allowed on account

of dependents, also a house proposal.

The finance committee concurred in the house action in repealing the so-called nuisance and luxury taxes collected directly from the consumer and substituting a manufacturers tax.

These and other minor changes in the bill previously have been published.

#### SIX NEGROES DUE **TO DIE TOMORROW** IN DEATH CHAIR

Convicted of Murder in Connection With Race Riots at Elaine, Ark., in October, 1919

gain tukes a hand, six negroes, conlicted of murder in connection with and grown in her own garden ober, 1919, will pay the aupteme penalty in the electric chair here Friday, of this month as to whether they are For the six negrees it is the third to have a new schoolhouse time they have been in the shadow proposition is to replace the pof the death chair. On the two for-old building on North Wash of the death chair. On the two for old building on North Washington mer occasions December 27, 1919, and street with a new building, and erect June 10, 1921, they were saved through a new addition to the South Street building. The appropriation asked respectively Their attorneys confiexecutive clemency and court action respectively. Their attorneys confidently predict that their lives again be spared through legal action The negroes are Frank Hicks, Frank Moore, J E Knox, Ed. Cole-man, Paul Hall and Ed Hicks They vers indicted jointly for the muidel of Clinton Lee, a white resident of Phillips county, in which the rioting; A month after the outbreak of riots the negroes were tried and in record time convicted of murder and sentenced to death, the court soiting December 27 of the same year as the date for the executions

The negroes attorneys appealed to the State Supreme Court, where the decision of the lower court was upheld. In the meantime, however, ex cution of the negroes was stayed by the governor, pending the outcome of the second trial of six other negroes. also convicted of murder in connec ion with the rioting, whose cases had been reversed by the Supreme Court The latter six, Alt Banks, Albert Giles, Joo Fox. Ed Ware, John Martin and Will Wordlow, again were convicted in the lower court and appealed to the State Supreme Court again Within the past few months the cases of negroes again have been remanded for retrial

The negroes sentenced to die September 23 took their cases to the United States supreme court, but this tribunal refused to review the cases on the ground that no constitutional question was thioligh Governor T. C McRae, present chief executive then set June 19 1921, as the date for their execution. Attorneys for the negroes instituted habeas corpus proceedings in the chancery court in little Rock and obtained a tempor ary injunction restraining penitentiary officials from executing the death sentence. The state attacked the chancely court's right to interfere in the . . . . . . . . the supreme court is-sued a writ of probibition nullifying the injunction but not until after June 10 Governor McRae then set September 23 as the date for electrocutions

Recently attorneys for the negroes applied to Associate Justice Holmes, during the summer recess of the Unit-ed States supreme court, for a writ of error in connection with the state su-preme court decision. This was denied and the attorneys then filed with the clerk of the United States supreme .483 court an application for a writ of full court of the state supreme court's ection. This application now is pendng but cannot be heard until October or later, nearly two weeks after the date set for the electrocutions. The clerk of the United States supreme court has stated that the mere hling of the application does not auto-matically stay the sentence

The other six negroes are to be tried during the October term of the Lee circuit court at Marianna, a change from Phillips county having been granted

The negroes' cases have aroused na tion-wide interest, and thousands of dollars have been raised, principally among negroes of the country, to aid in their defense. Attorneys for the contended in all their irguments that the negroes were not given an impartial trial, and that the men for whose deaths they were con-victed were not even known to them. Recently in soliciting funds in Ar-kanana for defense of the negroes prizes ranging from \$50 to \$200 were offered to the individuals or organizations of the state obtaining the largest contribution of the funus

### This priming won't ruin your

Your rifle is your friend. You treat it as something more than cold metal and wood. You couldn't sleep if you had used it and not cleaned it thoroughly.

Buy only US Cartridges. They have a special nonfouling, non-erosive priming. Every expert knows

that ordinary priming causes rust and in time digs little "pits" that destroy the accuracy of the bore. If you value your rifle,

treat it well. Give it the ammunition that will protect it from the ravages of rust.

Money back if not satisfied with US Cartridges,

ing the position from war days by to sell an idea to the public, and a virtue of his personal strength rather slackening of industry furnishes them than through that of the party which with what they call an argument, he represents. In fact politics in They care nothing for victims—are he represents. Great Britain, and representation in willing to degrade their fellow crea-parliament, are in such a state that tures, making a show of them.—[New no party, nor any combination of York Tribune, parties has dared to force the issue by seeking an advance vote in the commons which in accordance with the unwritten law would mean a dissolution of that body and an appeal

At present, however, and for the minister believes he could safely go to the people, since it is one on which he is confident that England and upon, going to the people for that vote of confidence which in a case like the present he feels he should

There is no doubt that under such circumstances as these he would be justified in an appeal to the people. Ireland apparently wants and through the Dail Eirenan may demand absolute separation from the United King-England, going further at this time than any British government be-fore has done, would consent to a stanteneous.—[New York Times. domination form of government, much like that of Canada or South Africa or Australia but differing in minor details which the location of the Emerald Isle appears to English political vision to make necessary, should the South of Ireland losist on should the south of treasned mast on absolute separation, it would at once mean rehewal of hostilities and on a scale which had not been attempted waste is in subordinate branches of Department of Health. at the time when the present truce went into effect. Should the domin ion form be accepted, there would be many in England who would accuse the government of weakness and of failing to stand by the rights of Eng-

should seek the indorsement of the The canons of the Episcopal church people; and it may be that in any forbid any of their clergymen from event he will dissolve parliament and marrying divorced people. After long make the public appeal. It is a difficult than any in which he is, more difficult than any in which Great Britain has been placed since the Revolution in America; and whatever course sist in his intention of marrying her and for this people, will criticle him. may be decided upon, the great Welch and for this nobody will criticize him, leader could not be condemned for But he will have to guit the Episcopal a desire to know whether the people of his country are with him.

#### FREIGHTS AND FORESTRY.

The New York State College of Forestry referring to a statement made campaign like its predecessors went by Colonel William B. Greeley, chief forceter of the United States that it forester of the United States that it difficulty of pressing an offensive far now costs Chicago \$22,500.000 more into the interior without adequate a year for freight on lumber than it did thirty years ago, inquires thirty may be near when the Allies will be able to years hence what will freight on lumeness there will respect to the pressure of the ber cost Chicago? If it costs the windy city such an enormous sum a thousand miles nearer the supply, what will it cost New York in another generation?

The country's annual freight bill on lumber is now \$200,000,000 and when the southern timber supply is ex-hausted, as it will be at the present hausted, as it will be at the present rate of consumption in eight or ten years, the entire nation will have to obtain lumber from the Pacific const states. Oregon, Washington and California. It is estimated that the annual freight bill for the nation will have freight bill for the nation will have increased about 400 per cent at that time, in other words the people of this country will be paying \$800,000,-000 for freight on lumber

The eastern states, being the most remote from the western supply, will pay the major portion of this big freight bill. It is estimated that the eastern control states will increase their annual consumption of western timber 11½ billion board feet in the next decade. At present freight rates, Douglas fir costs about \$20 per thousand hoard feet to transport from the coast to New York. The question of building homes, paying rents, buying furniture and obtaining the thousand and one articles made of wood for the office and home is a growing problem and will be solved only when the people become fully aware of its seriousness and take rigorous action to make idle, nongricultural lands productive forests.

JUDICIOUS ADVERTISING PAYS.

Kingston Firm Writes Appreciatively of Merit of Star as a Medium. The Star has received the follow-ing letter from a well-known Kingston firm which explains itself:

Kingston, N. Y. Sept. 9th, 1921.

As you know, we recently adver-itsed pulleys and belting in "The Star."
We have for a long time known that "The Star" reached a large number of wide awake progressive readers and the orders received from your vicinity is a good proof that this is an By carefulff advertising a good line

of merchandise in papers like "The Star," we have built up a large bustness in our farm, dairy, orchard, mill and electrical departments. We expect soon to start an adver-tising campaign for Kingstonian wood

saws and Hercules engines and you may feel assured that we intend to use "The Star."

Your very truly,

Canfield Supply Co.

W. C. Kingman.

.../ton Rector Resigns.

Binghamton, Sept. 21,-The Rev. J. DoLancey Scoville, rector of St. James' Episcopal church of Afton, has presented his resignation as paster of that church to take effect October 1. He will come to this city become rector of the Church of the Good Shep-herd.

Only Slight Damage Done When Ma-chine Turned From his Course by Froley Tracks Hus Another on Main Street

ar was smashed and the radiator and funder bent when at 5 15 o clock yeserday afternoon the auto struck the cur end of a machine driven by Edwild Desnoyer near the bridge at the junction of Main street and Pine No one was hurt and Mr Desnoyer's ma-chine was only slightly duriaged. The driver of the Ford made no re-port at police headquarters and his tome was not learned

Both machines were headed out of the city and in attempting to pass the Desnover machine the wheels of the Ford caught in the trolley tracks and caused it to veer into the other machine so that it came to 2 stop on the sidewalk close to the guard rail of the bridge. This was the first fair week accident within the city limits. In spite of heavy traffic since Monday there have been remarkably few accidents

Dance at Goodyear Lake Payllion. There will be a big dance at the Goodycar lake pavilion Wednesday, Thursday and Friday nights Reisman's Novelty Five will furnish music such as cant be beat. A special bus will leave Chestnut street corner each night at 8 45 o clock woin and cast off garments of all body come and have a good time No dance Tuesday evening

#### A WORTH WHILE EXHIBIT. Farm Bureau Tent Filled With In

formation for the Studious Farmer. Way back near the cattle sheds is the tent of the Otsego County Farm bureau and doubtless comparatively few will enter it, yet within is ma-terial and suggestions worthy of half lays' study.

There are suggestions with pracetical demonstrations of the results ac complished. One is a display of clover where lime has been used and along-side is another taken from the same field where lime was not used. The results are notable. Then too the Farm buronu experts are emphasiz-ing that timothy is not especially a good food for cows. When there is nixed with it alfalfa or vetch the crop is greatly increased in volume and the value of the product as a milk ration is much enhanced. From the farm of A. Leonard at Mt. Upton shown a bundle of the mixed fodder nd from the acre 4:26 tons were harvested while from the same field where only timothy was harvested but 1.9 tons were secured.

Then too the bureau is making a pecial drive upon the importance of setting a better balanced ration for feed than outs sown alone. They recommend 11/2 parts of outs, 11/2 of pens and 1/2 of barley and when these is secured and a larger crop can alvays be grown.

The bureau is also urging a determined fight against the grub in cattie. This pest, it is conservatively estimated, costs the farmers of the country \$10,000,000 annually and easily reduces the production of each cow \$5 annually. They can be pinched out with care or a paste made of five parts vaseline and one part iodoform pressed in will kill the grub. The gad fly is the cause of all the trouble and its extermination is arged.

The bureau has some fine speci-

mens of field corn grown by James Fawcett on the VanWoert farm on the Olego road below the Plains, which is being much admired. Corn Bookhout & Kark

FUNERAL DIRECTORS

Has been a bumper crop and many farmers that they have a surplus above the capacity of their siles. The exhibit must be seen to appreciate its worth. No farmer can afford to a visit to the tent.

### ONE HUNDRED MEN

Of good financial standing, resident in Oneonta and vicinity, are invited to participate in the formation of an UNDERWRITING ORGANIZATION that will, in the very near future, begin the sale of an issue of one of the largest and most interesting corporations ever put together in this country, and I am sure you will agree with me, when fully understood, that there is no more lucrative or safer investment in the world than this particular line of business activity or that will accomplish results more quickly. A number of prominent men in this vicinity have at ready accepted and qualified, and many others are considering it. The invitation is extended to the Farmer as well as the Business or Professional man or woman, and all are coming into the organization upon the same basis, securing the same financial and property interest, one thousand dollars, no more or no less.

This call is made through this paper for the purpose of reaching the persons desired and more quickly accomplishing our purpose. I am here to tell you the whole story. It's then up to you to decide. If you are really interested in securing a permanent and profitable investment, call or write at once.
